★ OUR AMERICAN STORY ★

DALLAS, TX

THURSDAY 09-17-2026

An immersive live multimedia theatrical experience featuring specially produced video presentations by Kelsey Grammer, Jon Voight, Kirk Cameron, and Gary Sinise celebrating 250 Years of faith, freedom, and the American Dream.

America's Story Belongs to Every Generation

For generations, Americans have shared a common understanding of the principles and ideals that united our nation – faith, liberty, courage, personal responsibility, and the belief that freedom is worth preserving.

Today, that shared story is fading.

Millions of Americans, especially young people, have never experienced the remarkable journey that transformed thirteen struggling colonies into the freest most prosperous nation in history.

Our American Story *is changing that.*

Through a breathtaking live multimedia theatrical production featuring dramatic storytelling, powerful music, and appearances by nationally recognized voices, the story of America comes alive.

More than a stage production, this is a national movement to preserve America's story, inspire the next generation, and remind us all that freedom is a gift worth understanding, celebrating, and protecting. It is an invitation to remember who we are.

Written and produced by Moms for America Founder and President Kimberly Fletcher and Academy Award-winning actor Jon Voight ***Our American Story*** is an immersive live multimedia theatrical experience featuring cinematic storytelling, live performances, and specially produced video presentations by Jon Voight, Kelsey Grammer, Kirk Cameron, and Gary Sinise, sharing the epic journey through 250 years of the people, principles, and providence that shaped the United States of America.

A Breathtaking Journey through 250 Years of Faith, Freedom & The American Dream

With your support, ***Our American Story*** will travel the country through the US 250 Tour and beyond, reaching families, students, civic organizations, churches, and communities with an unforgettable experience that celebrates the American spirit, inspires patriotism, strengthens civic understanding, and ensures that future generations understand not only how our nation was founded, but why its principles and values continue to matter today.

History is not simply something we inherit. It is something we choose to preserve, celebrate, and pass on.
